Statement of CPNI Compliance

1. BayRing Communications does not use, sell, or otherwise disclose any customer's CPNI to third parties or use in marketing campaigns for services to which the customer does not already subscribe.
2. BayRing may share CPNI on a limited, as needed basis with trusted agents, contractors and joint venture partners that assist us in providing communications related services. These parties share the duty to protect CPNI.
3. For "opt-out" approvals, notifications provided to customers are in compliance with Section 64.2008 of the FCC Rules. Customers are allowed 33 days from the date of the mailing before approval is assumed. Notices clearly state that the customer may change their decision to approve or deny approval for the use of CPNI at any time and that their decision will not affect the provision of any services to which they currently subscribe.
4. In the event that BayRing seeks to utilize, disclose or permit access to CPNI in an instance where customer approval is required, we will obtain approval through written or electronic methods and will retain records of notification for a period of at least one year.
5. BayRing will maintain a list of customers with opt-out certifications on a shared network and in the individual customer's file.
6. BayRing educates employees about CPNI and the disclosure of CPNI. Any employee that discloses CPNI is subject to disciplinary action.
7. BayRing will review these procedures on an annual basis to ensure compliance with all Rules and Regulations. An officer of the company will sign a compliance certificate, annually, stating that the officer has personal knowledge that the company has established operating procedures that comply with the rules.
